MOHAMED ESLAM

Junior Frontend Developer

01280024800 • mohamedeslam0419@gmail.com • LinkedIn • GitHub • Cairo, Egypt

Summary

I am a Junior Frontend Developer with expertise in modern JavaScript frameworks such as Nuxt.js and React. I specialize in creating dynamic, responsive user interfaces and ensuring optimized performance and user experience. Proficient in HTML, SCSS, JavaScript, Typescript, and responsive design, I have a strong ability to collaborate in teams, adapt to new challenges, and solve problems efficiently.

Skills

Nuxt 3, Vue, React, Angular, HTML, Scss, CSS, Tailwind, Bootstrap, Responsive Design, RESTful APIs Integration, JavaScript, TypeScript, Docker, GitHub, Time Management, Communication Skills, Adaptability, Teamwork, Problem Solving.

Experience

ATW – https://atw.ltd/ — Cairo, Egypt

Junior Frontend Developer — 07/2024 - Present

A company specializing in front-end development and design solutions.

- Developed Responsive Interfaces: Built dynamic, mobile-first UIs using Nuxt.js, Vue 3, and Tailwind CSS.
- Performance Optimization: Enhanced application speed and ensured seamless cross-browser compatibility.
- Team Collaboration: Worked closely with designers and backend teams to deliver user-friendly features and functionality.
-

Projects

Expert System

https://expert-system.atwdemo.com/ (Ongoing) — 01/2025 - Present

A multi-portal expert system for e-commerce, analytics, and POS solutions.

- Developed the Seller Portal (POS) and Analytics Portal using Vue.js.
- Implemented modular design patterns (HMVC, SOA) for scalability and maintainability.
- Integrated E-commerce APIs, Messaging Module, and Safe & HR Modules using DDD (Domain-Driven Design).
- **Technologies**: Vue 3, Laravel 11, Tailwind CSS, TypeScript, JavaScript, WebSockets, Livewire, Docker.

Mini-Games

https://e-book.eventiadv.com/ — 11/2024 - 11/2024

An interactive platform for cognitive development through games.

- Developed an interactive web platform featuring cognitive mini-games with drag-and-drop mechanics and dynamic animations.
- Delivered a responsive design using Vue.js, Nuxt, and Tailwind CSS for seamless cross-device usability.
- **Technologies:** Vue, Nuxt, Tailwind CSS, JavaScript, TypeScript, Responsive Design, Prettier.

ONClub-EF

(Ongoing) — 08/2024 - 11/2024

A project to create a comprehensive sports news platform.

- Developed a responsive sports news website using Nuxt.js with features like video carousels, article lists, and category-based navigation.
- Focused on performance optimization, localization, state management with Vue.js, and API integration for real-time updates.
- **Technologies:** Nuxt 3, Vue 3, HTML, Scss, CSS, JavaScript, Responsive Design.

Shomo'a Dubai

https://shomooa.atwdemo.com/ (Ongoing) — 12/2024 - Present

A modern e-commerce platform for showcasing and purchasing lighting products with advanced filtering and blog integration.

- Developed a fully functional e-commerce website featuring a product catalog with category and subcategory filters, a blog section, and a contact page.
- Delivered a responsive and visually appealing design using Nuxt.js, Vue 3, Tailwind CSS, and Swiper for enhanced user experience.
- **Skills:** Nuxt 3, Vue 3, Pinia, Tailwind CSS, TypeScript, Axios, i18n, Sitemap, Responsive Design, Prettier, PostCSS.
